

AIRPLANE ACCESSORIES

■ 190110 Top Heat Gun

- Shrink plastic coverings drum-tight in seconds
- 3 positions (Hot-Low-Off)
- Adjustable air intake baffle for precise air and heat control
- Auto cut off

■ 190130 Deluxe Sealing Iron

- **Thermostatically Controlled**
Just dial the thermostat to the desired temperature and it will maintain an even and constant heat.

- **Non Stick Coated**

Ultra-tuff and high temperature resistant Teflon coating ensures long life. Allows iron to glide over covering material without scratching

- **Lightweight**

Only weighs 300g.

- **Custom Designed Shoe**

A special shape at the tip of the shoe allows easier access between control surfaces and other hard to get areas.

- **Multipurpose**

Ideal for all heat sealing applications. Iron comes ready for use, complete with plug.

- **Custom Designed Body**

Unique glass filled nylon body provides added protection for the user from the heated shoe.

Rounded nose fillet allows easy access to those awkward areas such as between control surfaces.

Custom shoe with tapered edges for perfect bonding even in the tightest corners.
